## ADVISOR INFORMATION MANAGEMENT

Easily edit your information with the use of the new profile management tools.

The control panel allows a simple option to disable appointments when advising is not available.

## WHO?

Aaron Frishman || aaronf1@umbc.edu  
Andrew Levin || landrew2@umbc.edu  
Jaime Orellana || Jaime5@umbc.edu  
Kwame Owusu-Boaitey || kwame3@umbc.edu  
Max Ricketts-Uy || ricke1@umbc.edu

## WHAT?

A fully functioning website designed to handle all tasks associated with and/or pertaining to UMBC advising.

We employ:

- PHP
- HTML
- CSS
- MySQL
- Javascript

## WHY?

We wanted to create the optimal experience for both students and advisors when foregoing the advising process. That is why we have added items such as:

- A calendar view for advisors convenience
- A concerns section for students
- And many many more!

## ADVISOR

The Advisors calendar-based dashboard.

## ADVISOR-SIDE CONVENIENCE

The functionality provided by our innovative calendar-based scheduling system allows easy creation, deletion and maintenance of advising appointments.

The information displayed for an advising appointment.

Creating an appointment is simple with the new appointment creation tool!

## STUDENT

Easily view your current appointment.

## STUDENT-SIDE CONVENIENCE

Some of the new features we included are essential to the convenience of the student.

Filtered searches allow faster results and return exactly what the student is looking for.

### Appointment Page

Choose an appointment type:

Students can browse available meetings by advisor, and choose what fits their schedule best from the advisors available appointments!

## STUDENT

### Please complete the form(s).

What are your current post-UMBC plans?\*

For example: Medical School, Teach middle school science, Research career, Master's/PhD, etc...

Do you have any questions or concerns that you would like to discuss during your advising session?

For example: Withdrawing from course, adding a second major, etc...

Submit

## CONNECT

We didn't just focus on convenience, we wanted to create something that would allow the student and advisor to communicate and truly establish a relationship. That's why we have included optional forms during registration that allow the students to express their post-grad plans, as well as any questions or concerns to their advisor beforehand.
